

TLIF0006 - Administer the Implementation of Fatigue Management Strategies

FATIGUE FOR SCHEDULERS

Course Overview

This unit involves the skills and knowledge required to administer the implementation of fatigue management strategies during work operations in a defined workplace in accordance with national and state/territory legislation and relevant regulations.

It includes monitoring the implementation of fatigue management strategies, recognising breaches of fatigue management policies, procedures and regulations, and developing and assessing staff competence in fatigue management.

Course Content and Outcome

- Identify and act on signs of fatigue
- Implement strategies to minimise fatigue
- Monitor the implementation of fatigue strategies
- Develop and assess staff competence in fatigue management
- Provide feedback to employees on any shortcomings in fatigue management skills and knowledge
- Report on the implementation of fatigue management policy
- Recognise breaches of fatigue management policies, procedures and regulations to the specified standard

On successful completion of this course students will be issued with a statement of attainment.
